

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**SB 27**

January 13, 2021

**SUMMARY OF BILL:** Removes the requirement that persons whose physical appearance demonstrates an age of 50 years or older must present a government issued document or license for the purchase of beer for off-premise consumption. Authorizes persons purchasing beer to present an expired government-issued document. Requires vendors to post specified signs on their premises.

**ESTIMATED FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions:

- Pursuant to Tenn. Code Ann. § 57-5-301(a)(1), entities who serve beer for off-premise consumption to persons who appear to be over the age of 50 are exempt from criminal punishment or administrative action. The proposed legislation would remove the requirement of checking the identification of persons who appear over 50 years old and remove the exemption from punishment or action as that exemption will become obsolete; therefore, any impact on state or local citation revenue will be not significant.
- In addition, any decrease in state or local revenue from citations issued to entities accepting expired government documents is estimated to be not significant.
- Requiring private entities to change the wording of their signs will not impact the result in a significant state or local fiscal impact.
